## CROWN

Charlotte,  
Reconnecting Ourselves With Nature

A chapter of the North Carolina Wildlife Federation

February Meeting Topic:  
“Mecklenburg County’s Natural Environment”

**CROWN** invites you to our February 20th meeting featuring **Don Serif, Conservation Scientist** with Mecklenburg County’s Conservation Science Office. Don will discuss our region’s wildlife diversity and local wildlife habitat that supports at least 42 types of mammals, over 300 species of birds, almost 65 species of reptiles and amphibians, and nearly 100 species of butterflies.

- What species are in decline?
- What species have been lost?
- Which natural community types are rare?
- What can we do as individuals to help preserve and protect our region’s natural environment?

Please join us and learn more about  
Mecklenburg County’s wildlife on  
Thursday, February 20th, 7PM.

**Free event, Free parking!**
