I Spy...

McAlpine Greenway Park

Reconnect with nature and join us for a free, family hike to explore Nature's treasures in and around a wetland pond. This greenway park is home to a wide variety of wildlife and interesting plants. CROWN's experienced leaders will point out the hidden jewels, sights and sounds as we walk the paths and trails of this unique ecosystem. Bring a camera and/or binoculars to help spy the wonders of nature along our way. The primary path is stroller and wheelchair accessible.

We'll meet at the park map sign beside the parking area.
